

IPI Release Notes

IPI Content Release 2012.1 (for Lucidiom APMs) January 2012

APM Kiosk Installer Contents:

This installer contains gift and folio templates for use on the Lucidiom APM kiosk. *These products are designed to be produced in-house and will not offload to a third-party lab.* If there are products included in this installer that your lab is not able to produce in-house, they should *not* be enabled via the Setup Wizard.

This installer contains templates for use on the Lucidiom APM kiosk and includes the following holidays/occasions:

- Anniversary
- Celebration of Life
- Graduation
- Valentine's Day

Prerequisites for Installation:

1. Your APM kiosks are licensed for Gift and Folio creative products (books, calendars, etc.).
2. Your APM and Lab 50 software are up to date (APM version 7.6.0.14 and Lab 50 7.5.2.4).*

**Note: For full instructions on installation of the latest APM and Lab 50 software packages, please login to <http://www.lucidiom.com/support> using your APM Network Credentials.*

How to Install on the APM:

1. Double-click on the **Setup.exe** file to install the artwork and corresponding xml files.
2. Copy the **apmconfig_products.xml** file found within the APM folder bundled with this package to **c:\APM** on each of your kiosks and allow it to replace the existing file as well as to **C:\Program Files\Lucidiom Lab 50 7.5\Tools\PrintServer** on your Lab 50 machine.
3. Copy the **apmconfig_productgroups.xml** found within the APM folder bundled with this package to **c:\APM** and allow it to replace the existing file. It will not need to be copied to your Lab 50 machine.
4. Add the products to an available order fulfillment on each kiosk, specify the pricing, enter any folder overrides (as necessary for file transfer), and adjust output type as necessary using the APM Setup Wizard.
5. Configure the products for printing through Lab 50 using the Lab 50 Setup Wizard.
