

# Lucidiom Release Notes

## 2011.2 Creative Content Release September 2011

### The New Features:

- **New 5x7/7x5 sized Cards** - All 5x7 and 7x5 flat cards were re-designed as one-to-one designs making it easier to see what's available on the kiosk. Additionally, every card that was previously available under flat cards is now available in flat, folded, double-sided, and postcard types. We've also included blank styles, so a customer can design a card at home and drop it into a photo spot or use a photo full-frame for a completely custom card. All together, these add up to approximately 800 card offerings.
- **New Photo book Styles** – Features eight new styles in summer themes.
- **New Notepad Styles** – Nine new styles for 4.25x11 notepads (including designs for teachers and parents' notes to teachers) and fourteen new styles for 6x9 notepads make for great back-to-school accessories.
- **New Placemat Styles** – Three new designs for custom birthday place settings.
- **New Postcard products** – Available in 5x7 and 7x5, these include all of our standard artwork as well as a blank card, so a customer can turn any photo into a postcard. [\*\*Note: The post office will mail these using standard postage rates as oversized postcards in case your customers ask, or you happen to sell postage as well.]
- **New Party Hat Product** – One pair of hats print out on a single 12x18 for easy cutting.

### Improvements:

- **Modified artwork for 4.25x11 Notepads** – Artwork now outputs with more defined borders to make final assembly easier.

### Fixes:

- Modified book cover products to include cutting lines on the output print.
- Corrected calendar artwork for 2012.
- Created display images for some layouts that did not have them to help improve content load time in the user interface.

### Prerequisites for Installation:

This release is an **update** to the 2011 base content releases. If you have not installed 2011.1 Discs 1-3, or the 2010 content releases and the 2011.1 updater, you will need to install those before installing the 2011.2 updater. Additionally, in order to take advantage of the new product offerings, you **must** be using APM version **7.6.0.14** and Lab version **7.5.2.4**.

### How to install:

Run the Lucidiom Downloader (more info: [www.lucidiom.com/support](http://www.lucidiom.com/support)) and select Content 2011.2 Updater to download. Once downloaded, unzip/extract and run the Setup.exe.

If you have installed any overrides for calendars in previous versions, you **will** need to reinstall them following installation of the updater. Once the 2011.2 update is installed, navigate to the Calendar Overrides folder within the installer folder, access the override appropriate for your installation (Canadian holidays, UK holidays, or No Holidays), then run the installer within the appropriate override folder to complete.

## Product Details:

### New products added in this content release:

Flat Card Products			
Product ID	Name	Name	Product ID
3271981	5x7 Postcard	7x5 Postcard	3340982

Photo Novelty Products	
Product ID	Name
3175715	Party Hat (Set of 2)

### Products modified in this content release:

Flat Cards			
Product ID	Name	Name	Product ID
6002	7x5 Flat Card	5x7 Flat Card	6296
6031	7x5 Double-Sided Flat Card	5x7 Double-Sided Flat Card	6030

Folded Cards			
Product ID	Name	Name	Product ID
3371100	5x7 Folded Card	7x5 Folded Card	3344150

Notepads			
Product ID	Name	Name	Product ID
3166505	6x9 Notepad, 50-Page	4.25x11 Notepad, 40-Page	3229506

### Products with special print requirements:

- 4.25x11 Notepads: The layouts are rendered 2-up on an 8.5x11 page and output in a quantity of 20. These are intended to be cut in half and then bound to create a 40-page notepad.
- 5x7 and 7x5 Postcards: These are duplexed products and will need to be printed on a printer that supports two-sided printing.
- Party hats: These are printed 2-up on a 12x18 sheet and will need to be cut out for assembly.
