IPI Release Notes

IPI Content Release 2011.5
(for Lucidiom APMs and Photo Finale)
August 2011

APM Kiosk Installer Contents:

This installer contains gift and folio templates for use on the Lucidiom APM kiosk. *These products are designed to be produced in-house and will not offload to a third-party lab.* If there are products included in this installer that your lab is not able to produce in-house, they should be disabled via the Setup Wizard.

Prerequisites for Installation:

1. Your APM kiosks are licensed for Folio creative products (books, calendars, etc.) and gifts.
2. Your APM and Lab 50 software are up to date as well as your Photo Finale Website (APM version 7.6.0.14 and Lab 50 7.5.2.4).*
3. You have installed Lucidiom's 2011 content packs, which include "Content Release 2011.1" discs 1-3 (released in February 2011), or the 2010 Content Releases 1-3 and the 2011.1 Content Updater.

   Note: For full instructions on installation of the latest APM and Lab 50 software packages , please login to http://www.lucidiom.com/support using your APM Network Credentials.

How to Install on the APM:

This installer contains several content packages. When you run the installer, all of the packages will be installed. There are five new folio products in the installer, so you will need to copy the **apmconfig_products.xml** file found within the APM folder bundled with this package to **c:\APM** on each of your kiosks as well as to **C:\Program Files\Lucidiom Lab 50 7.5\Tools\PrintServer** on your Lab 50 machine. The new products are the following:

- 4x5 Notepad (product ID 3480147)
- 4x10 Notepad (product ID 3440148)
- 8.5x11 Calendar Magnet (product ID 3377146)
- 11x8.5 Calendar Magnet (product ID 3429145)
- Bookmark (product ID 3428160)

How to Enable IPI Content on Photo Finale

1. In Lab 50, access Store Management > Product Catalog.

2. Expand the "Supplier Catalogs" menu, and then press the **Refresh** button. Open the "IPI Content 2011" folder to view the new products available with this release and to enable them. If the catalog does not appear, please contact your sales person to request the catalog is added to your account.
3. Right-click on the products in the IPI Content 2011 supplier catalog, and select to enable them if they are currently disabled. A green light will appear next to each enabled item.
4. Next, in your active catalog (your active catalog will have a blue circle/check icon), right-click on the category (or create a new one) to which you'd like to add the products and select "Add Products." Select the desired product(s) from the "IPI Content 2011" Supplier Catalog.
5. Once you have added the product(s) to your active catalog, adjust prices, names, etc.
6. Remember, changes made to your Photo Finale website can take up to 30 minutes to appear on your live site.

> ****Note:** This content is available only for sites that have been migrated to the Photo Finale version 7 platform. If you are running an older version, please contact your regional sales representative to schedule your website migration.

How to Configure Gift Content on the APM

1. On the APM, access the APM Setup Wizard via the Admin Menu or c:\APM.
2. Click on the **APM Add-On Components** option in the **Category Navigation Pane**.
3. Click on the **Gift Products** option in the **Primary Navigation Pane**.
4. Select a product from the list and double-click on it to enable/disable it. *These products are designed to be fulfilled in-house. If your lab cannot produce gifts included with this package, be sure to disable them to avoid confusion for customers and problems with order fulfillment.*
5. Below the table, enter the **Base Price** for the selected gift as well as a **Shipping Fee**. The shipping fee will be used for any orders that are delivered via mail, or if you have enabled the option to use the same fee regardless of delivery type in the **Gift Settings** section. You may also change the Name and Description used in the software for the product by editing the corresponding field.
6. Check **Enable Quantity Pricing for this product and fulfillment** if quantity discounts apply. Enter the quantity and price for each price break.

Product Details

Some products included in this content release are exclusively available on Photo Finale. In the chart below, item availability and output information is indicated as well as product category, product ID, and product name.

** Products that include multiple design options within the selected product.
