Lucidiom Release Notes

Wrapping Paper Add-On Revamp
August 2010

Improvements & Additions:

We have renovated the Wrapping Paper product to make finding the perfect pattern easier. There is now a preview for every background style available with the same options for your customers to customize the photo layout. We have also added 15 new designs that are perfect for birthday, anniversary, Easter, and more.

How to install:

If you have purchased the Wrapping Paper add-on in the past, the update will be added to your account for download automatically. Run the Lucidiom Downloader (more info: www.lucidiom.com/support), and select Wrapping Paper 2010.1 to download. Once downloaded, unzip/extract and run the Setup.exe. The installer will remove old Wrapping Paper content before installing the updates, and it requires that content discs 1-3 of the 2010.1 main release are installed.

If you do not yet have the wrapping paper product but would like to add it, please contact your sales rep or email sales@lucidiom.com.
