# APM Support Expiration Reminder Status Window

Lab 50 7.5 features a reminder window for APM support contract expiration.
The information window indicates approaching expiration dates for APM technical service contracts listed by **APM ID**, **Support Expiration Date**, and **Status**
.

There are three icons which indicate the length of time remaining before contract expiration. They are as follows:

Icon	Status	Description
	Support Expired	The support contract for this APM has already expired.
	Expires Today or Expires in XX Day (s)	The support contract for this APM expires today or in XX days. (the range of XX is from 1 to 30.)
	OK	The expiration date for the support contract on this APM exceeds 30 days.

To proceed past this informational screen, click the **Close** button.

To address any pending contract renewals, licensing discrepancies, or incorrect information, please contact your distributor or Lucidiom Sales representative.

> ⓘ   ***Note:** This feature appears in Lab 50 7.5.1.6 and later.*
